

## The Core

Dear Friend,

Music has been a wonderful way for God's people to connect with Him and with community, over the ages. Music is a spiritual touch-stone to our past, as certain songs become attached to special memories.

We would like to introduce you to *Core Celebration*, a monthly sacred concert and hymn sing, directed by Jason Erhardt, whose mission is to keep the rich heritage of **traditional** Christian music alive in our city.

Please join Core Celebration, hosted by Darrel Janz, for a monthly evening of music, teaching and testimony, featuring a rich musical program including choir, instrumentalists, soloists and pipe organ, and many local musicians from the professional and church communities within our city.

We meet at the beautiful and historical Grace Presbyterian Church in Calgary's downtown core, where our worship is often accompanied by Grace's magnificent 1912, "Grace Memorial Pipe Organ."
