

Church School January 2025 ~ the building of a tabernacle:

Once the Tabernacle is complete, you need to have the Ark of the Covenant to put in it!!

Phase 2: Attention to detail is VERY important!!

Phase 3: The builders celebrate their great work!! Well done!!!!

Biblical background

The sanctuary is the **Tabernacle**, which is the moveable tent that houses the Ark of the Covenant while the Israelites are nomadic, moving from place to place. The **Ark of the Covenant** is placed in the central part of the Tabernacle, called the Holy of Holies, after it is built.
